One Minute Of Death Torrent Download [addons]

Features:*45 unique levels *Three levels of difficulty *Random level generator with settings.. one minute after death one minute monologues about death one minute before death 1972.. one minute silence for death one minute of death one minute after death bookmovement that somehow feels both floaty and extremely slippery at the same time, the player moving at insane speeds which are hard to deal with or move precisely with and graphics that are almost outright unappealing; as well as even more, do not make a good game.

The general lack of polish (ex: title screen resetting in each menu, grating sound effects such as for the text when the game opens) also doesn't help, I've made my own games and bugs like that aren't too hard to fix.
