However San Dimas is typically Spain but Vernis was produced in France in 1999 With the amount of Japanese superfags on the market today and the amount of bags dropped to make them look like vintage and confusing people professional authentication is a must.. Large brands have greater responsibility - not just to take care of your investment but to make sure that what you buy and maintain is original and that it really earns money love and attention.

- 3. <u>number</u>

With the exception of early handbags early 1980s and older all Louis Vuitton handbags and other luxury branded items have codes for example I can not tell you the number of sellers who either deliberately sell a Japanese super anyway yes I got this on LV but I worried because there no serial number at all as it was that it was a fake item.. Bags produced after 1995 should say that SD with an American CA brand does not represent California or the United States.
